MEMORANDUM FOR: Deputy Director (Research)

**SUBJECT: Individual Commendations on Performance
During Cuban Crisis**

1. Following our discussion the other day wherein we had concluded that it would probably be better not to attempt individual citations, I asked [redacted] what the DD/I was doing. He reported essentially the same experience we had. All of their offices were asked to think over this matter and surface names, and all seem to have agreed that this was difficult and perhaps undesirable. Accordingly, they have arrived at the same point we have. In the event there is any change, [redacted] will let me know.

2. In the meantime, we are laying the sheaf of papers aside, and I am sending OEL and OSA copies of this note for their information.
